Dear Dr. Clark,

July 23, 1999

Jean Berry is right! I feel comfortable with your "friendly advice"... and I am sending the kit to Meta Metrix on Monday and will schedule an appointment with Dr. Barbara Solomon when the results are in. Incidentally, "the botanicals" are working well for me and I anticipate some positive results.

As I mentioned to you, I am currently taking a series (10) of intervenous H2O2 therapy, back to back with vitamin C and B infusions. Also, I am doing a 6 week run of Cell Therapy with Jean's help. These include Brain, Liver, Spleen and Thymus infusions. I feel that my choices have been intelligent, and I am comfortable with them.

Some of my symptomology surfaced after I had all of my amalgams and root canals removed... and then had a fall and damaged a disc. After much interface to stop the pain (it has stopped), I developed a Fibromyalgic "type" reactive state. Checking this out, I was x-ray'd as part of the protocol and thus began my physical reprogramming. My decisions have been my own choice and the ability to do so is probably the best part of it.

I am a good friend of Bill Falloon of Life Extension, Dr. Jonathan Wright, Kent Washington, Dr.'s Julian Whitacker and Will Block of Life Enhancement and others of like mind. We all work together to protect and support the alternative therapists who, thank God, are available to those of us who search out for more than the status quo. Anyway that I can continue to be affected by your experience would be a blessing and a boon.

My best regards,

Donal Joseph Carter Ph.D

Dear Dr. Clark:

Thank you again for acting as our master of ceremonies at the Third Annual White Rose Luncheon. The event was very successful and I believe everyone enjoyed the afternoon. I was happy to hear that this was an educational experience for you as well. The March of Dimes has a part in so many different areas, that many people do not comprehend the large scope of all that we do. It is a pleasure to have broadened your understanding of the March of Dimes, and I hope that you will help us as we continue to educate the public about our mission.

With events like the White Rose Luncheon, the March of Dimes is achieving major milestones toward improving the health of mothers and babies. From conquering polio in the 1950's, to current research into gene therapy to replace defective genes before birth, the March of Dimes has been a leader in maternal and infant health care for 60 years.

Again, I cannot thank you enough for your generosity. Your participation at the Third Annual White Rose Luncheon made it so much more memorable. I look forward to working with you again in the future. If I can be of further assistance, please don't hesitate to contact the March of Dimes office at 633-3047.

Indialantic, FL 32903

Dear Daniel,

I wanted to take a moment and thank you for speaking at our 6th Annual Conference in Safety Harbor, Florida. It was extremely successful and we received excellent reviews from participants. This was due in large part to the excellence of our speakers. We greatly value your contribution to the success of the conference, the Alliance and the profession. Without the donation of time and expertise by our speakers we would not be able to provide the quality program at our annual conference that people have come to expect.

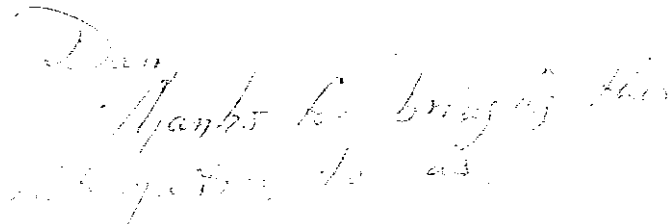

We hope you enjoy *The Forum* and other benefits of membership in the Alliance during the coming year. Please let us know if we can be of assistance to you at any time.

Sincerely,

Barbara B. Mitchell, J.D., L.Ac.
Executive Director

AMERICAN ASSOCIATION OF

HOMEOPATHIC PHARMACISTS

August 21, 1995

Dr. Dan Clark
Bioactive Nutritionals
1803 N. Wickham Rd. Ste 6
Melbourne, FL 32925

Dear Dr. Clark,

The American Association of Homeopathic Pharmacists (AAHP) would like to invite you to be our guest for a day of homeopathic industry regulatory compliance seminars. The AAHP is sponsoring a Regulatory Compliance Round table and FDA presentation on compliance issues in conjunction with our annual meeting, September 19th in Baltimore, Maryland.

The regulatory climate surrounding our industry is changing and compliance is becoming an increasingly complex process. There have also been a number of important compliance changes affecting our industry in the past two years. The AAHP is taking this opportunity to present and review critical compliance topics for our members and invited guest companies.

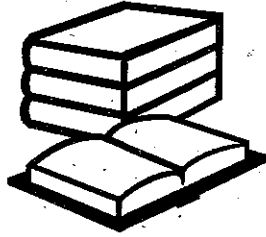

Enclosed are copies of the agenda for the Round table and the FDA presentation. The Round table participants are all prominent members of our industry who have years of experience in regulatory compliance. Also enclosed is an AAHP fact sheet to tell you a bit more about our association.

The AAHP is sponsoring these seminars at no cost and we encourage you to have Q.C. and Compliance Managers attend. Space is limited and if you will be attending we must have your RSVP and the number of persons attending from your company by September 8th. Please respond to the AAHP office by phone or fax 1-800-478-0421.

Sincerely,

Frank Ruffin
Boericke & Tafel
President AAHP
